

# What's Your Beauty Focus?

Look in the mirror. What do you see that you love? Warm eyes, a captivating smile, silky hair? Great! Now, look at your skin. What would you like to improve? If you're like me, you'd say "EVERYTHING!"

As we accumulate years, our skin accumulates issues such as fine and deep lines, wrinkles, sagging, loss of elasticity, brown spots and roughened texture. It's difficult choosing just one thing to address, so some of us choose **nothing** and keep complaining to our mirror! Now, it's time to FOCUS.

Northcoast Laser Cosmetics is pleased to announce our "Focused Facials" to help treat a wide variety of aging issues. These are not "classic" facials where an aesthetician massages your face and applies treatment creams and masks. No, they're much more intensive, and you can choose, which is best for you.

Our "Focused Facials" use a variety of lasers, either alone or in combination with radiofrequency and microneedling to combat the skin issues we mentioned above, all with NO or modest downtime.

Note that our "downtime" is what we consider "social downtime." What that means is your skin may be reddened or look as if something's been "done" to it, but there's generally no reason you can't go out in public if you so desire. Many of us who have had treatments have done just that. However, that's your choice. Our skin rejuvenation professionals can provide great insight about what to expect before, during and after a session.

Focused Facials come in packages of three for optimal results. You'll find

a chart with details, below. Complicated? Not really! Let our team help you decide which protocol will give the results you want.

FOCUSED FACIAL	PROCEDURE	PURPOSE	DOWNTIME
SKIN TIGHTENING FOCUSED FACIAL	LASER	PREVENTATIVE, ANTI-AGING, MILDLY CORRECTIVE OF FINE LINES & WRINKLES	NONE
TIGHTENING AND TEXTURAL FOCUSED FACIAL	RADIOFREQUENCY (LEVEL 1)	PREVENTATIVE, MILDLY TO MODERATELY CORRECTIVE FOR TIGHTENING & TEXTURE	2-3 DAYS SOCIAL DOWNTIME
	RADIOFREQUENCY AND MICRONEEDLING (LEVEL 2)	PREVENTATIVE, ANTI-AGING, MODERATELY CORRECTIVE FOR TIGHTENING & TEXTURE	2-4 DAYS SOCIAL DOWNTIME
TEXTURAL FOCUSED FACIAL	LASER	MODERATELY CORRECTIVE FOR TEXTURAL ISSUES	3-5 DAYS SOCIAL DOWNTIME
